

REMARKS

Reconsideration of this application is respectfully requested.

In the previously filed Response, Applicant indicated in the paragraph beginning at line 4 of page 7, that "...new claim 16 is fully supported in the specification from page 22, line 2 to page 28, line 20; new claim 21 is fully supported in the specification at page 6, lines 14-25...". The same should have indicated that --... new claim ~~16~~ 15 is fully supported in the specification from page 22, line 2 to page 28, line 20; new claim ~~21~~ 16 is fully supported in the specification at page 6, lines 14-25...--.

Thus, in clean copy, the paragraph beginning at line 4 of page 7 should have read:

"Lastly, new claims 15-19 have been added to further define the patentable invention. New claims 15-19 are fully supported in the original disclosure. Particularly, new claim 15 is fully supported in the specification from page 22, line 2 to page 28, line 20; new claim 16 is fully supported in the specification at page 6, lines 14-25; new claim 17 is fully supported in the specification at page 8, lines 10-16; and claims 18 and 19 are fully supported in the specification and in original claims 6 and 7. Thus, no new matter has been entered into the disclosure by way of the addition of new claims 15-19."

The Applicant respectfully requests that the above paragraph replace the corresponding paragraph in the previously filed Response.

In view of the above, it is respectfully submitted that this application is in condition for allowance. Accordingly, it is respectfully requested that this application be allowed and a Notice of Allowance issued. If the Examiner believes that a telephone

conference with Applicant's attorneys would be advantageous to the disposition of this case,
the Examiner is requested to telephone the undersigned.

Respectfully submitted,
